

Department of Accounting and Finance Admission Policy

We seek people who understand the educational goals and academic requirements of Showa Women's University, those who scientifically analyze the economics of society through knowledge of accounting and finance, those who discover issues on their own and come up with solutions, and those who look to utilize their global point of view and knowledge in their career plan. Furthermore, we accept people who can successfully complete the course of study of the department. We therefore recruit applicants through versatile and comprehensive entrance methods.

1. Recommended field of study and subjects to learn before entrance

- Foreign Language: The student should learn the 4 skills of English before demanded before graduation and be able to utilize the language.
- Language Arts: The student should be able to speak, listen, write, read and think and express herself logically.
- Mathematics: The student should be able to understand the mathematics necessary for analysis of data related to society and economics.
- Geographic History: The student should be able to understand history and culture of various regions of the world, and be able to communicate with people with different cultural backgrounds.

Note: We recommend studying bookkeeping and accounting (instruction will begin from the basics, so it is suitable even for those who have no experience in the field). Furthermore, we recommend basic PC skills.

2. Learning habits to have before entrance

- Having an interest in and gather information about the state of society/economy domestically and internationally.
- Being able to logically explain issues using math and data.
- In order to make the mind more flexible, the student should be aware of various diverse perspectives.
- By communicating with people from different cultures/social backgrounds, the student should acquire a global perspective.
